McNeff Engineering & Consulting
Mr. Michael McNeff, S.E.
1991 Village Park Way
Suite 115
Encinitas, CA 92024

Dear Michael:

Having teamed with your firm on several occasions now, I wanted to take this opportunity to offer my appreciation for your exceptional responsiveness and professionalism in responding to the engineering aspects of our various projects. You quickly grasp what our needs are and always provide the services we require to keep our projects successful.

Please accept our thanks and rest assured that in the future when we have consulting engineer needs, McNeff Engineering will be the first phone call I make. Again, thank you for your services to our company.

Very truly yours,

Rod Thompson
Director of Operations
